PROFESSIONAL SUMMARY

Enthusiastic Front-End Developer with a solid foundation in HTML, CSS, and JavaScript, specializing in creating responsive and user-friendly web applications. Adept at translating design concepts into functional interfaces, collaborating with teams, and learning new technologies quickly. Passionate about delivering high-quality projects that enhance user experience.

TECHNICAL SKILLS

Languages: HTML5, CSS3, JavaScript (ES6+)

Tools: VS Code, Git, GitHub, MS Office

Design: Figma (Basic)

Other: Responsive Web Design

PROJECTS

- Personal Portfolio: Designed and developed a personal portfolio website showcasing projects, skills, and contact details. Optimized for performance and mobile devices. Tech Stack: HTML, CSS, JavaScript.
- Weather App: Developed a weather application that fetches real-time data from an open API. Implemented dynamic UI updates and responsive layout for mobile and desktop views. Tech Stack: HTML, CSS, JavaScript, OpenWeather API.
- To-Do List App: Created a task management app with add and delete functionalities. Tech Stack: HTML, CSS, JavaScript.
- Form Validation: Built a form validation system to check required fields, email format, and phone Number length. Displayed error messages for invalid inputs to improve user experience. Tech Stack: HTML, CSS, JavaScript.
- Calculator: Developed a basic calculator for arithmetic operations with responsive design. Ensured clean layout and cross-browser compatibility. Tech Stack: HTML, CSS, JavaScript.

CERTIFICATIONS

- Frontend Developer Path – Infosystem IT Solutions.
- Responsive Web Design – freeCodeCamp.

TECHNICAL INTERESTS

- Frontend Frameworks (React, Vue.js)
- UI/UX Design Principles
- Web Accessibility
- Progressive Web Apps

EDUCATION

B.E. in Electronics and Communication Engineering in Shanmuganathan Engineering College, Pudukottai. Anna university affiliated college. Patch: (2020–2024)
CGPA: 8.1 / 10

SOFT SKILLS

- Quick Learner
- Attention to Detail
- Effective Communication
- Adaptability
- Team Player

ACHIEVEMENTS/ ACTIVITIES

- Self-taught web development alongside academics
- Active GitHub contributor (mention commit frequency)
- Participated in online coding challenges

LANGUAGES KNOWN

English, Tamil (Native)
